Practical 4: Build a RetailPulse Region x Product Crosstab

Related topic: Create Crosstab Reports | Tool: IBM Cognos Analytics | Package: RetailPulse

Objective

Construct a crosstab report summarizing RetailPulse sales across Region and Product Category with multiple measures and summary totals.

Materials Required

IBM Cognos Analytics access, RetailPulse Sales package.

Step-by-Step Procedure

#	Action performed	Observation
1	Started a new report on RetailPulse Sales and chose the **Crosstab** template.	Crosstab with Rows, Columns and Measure drop zones.
2	Dragged **Region** to the Rows edge and **Product Category** to the Columns edge.	Four region rows by four category columns.
3	Dragged **Sales Amount** into the crosstab body (Measure).	Each cell shows summed Sales Amount.
4	Dragged **Quantity** next to Sales Amount, nested in the column edge.	Every category column now has two sub-columns.
5	Selected Region and Product Category and used **Summarize > Total** to turn on row and column summary totals.	Grand total row and column added.
6	Formatted Sales Amount as **Currency**, ran the report and saved it as **RetailPulse Region-Product Crosstab**.	Report saved in My content.

Output

RetailPulse Region-Product Crosstab (Run)

	Electronics		Apparel		Home		Grocery		All Categories	
Region	Sales Amount	Quantity	Sales Amount	Quantity	Sales Amount	Quantity	Sales Amount	Quantity	Sales Amount	Quantity
North	$128,045.26	595	$18,755.95	408	$30,836.74	387	$4,383.18	377	$182,021.13	1,767
South	$115,638.57	538	$21,138.95	477	$34,193.47	434	$5,182.32	439	$176,153.31	1,888
East	$93,802.00	440	$17,751.67	399	$47,887.93	598	$7,140.66	603	$166,582.26	2,040
West	$90,324.79	406	$19,285.86	429	$37,959.33	498	$6,661.45	563	$154,231.43	1,896
Total	**$427,810.62**	**1,979**	**$76,932.43**	**1,713**	**$150,877.47**	**1,917**	**$23,367.61**	**1,982**	**$678,988.13**	**7,591**

Fig 4.1: Crosstab with Region as rows, Product Category as columns, two nested measures, and row/column grand totals.

Reconciliation: grand total Sales Amount $678,988.13 and Quantity 7,591 match the grand total of the grouped list report in Practical 2 ($678,988.13 / 7,591).

Expected Outcome Check

✓ Regions and product categories align with no misalignment.
✓ Each cell shows correct aggregated Sales Amount and Quantity.
✓ Row and column totals sum correctly and match the list report.
✓ Sales Amount is consistently formatted as currency.

Conclusion

The Region x Product Category crosstab was built with two nested measures and summary totals, and its totals reconcile exactly with the grouped list report.

Note: screens and figures are illustrative renderings built on a consistent sample RetailPulse dataset (report date 15 October 2026, current quarter Q4 2026: 1 Oct to 31 Dec).
